

RECHARGEABLE SOLUTIONS

LED TORCH

INTRODUCTION

Powerful, versatile, and built for everyday use, the Synerji Torch combines precision lighting with practical design. Featuring a zoomable head LED and body LED with multiple modes, it offers bright illumination when you need it most. With a durable aluminum alloy build, metal clip, and rechargeable Type-C port, this compact tool delivers up to 4.5 hours of reliable light—perfect for work, travel, or emergencies.
