

OUTDOOR LIGHTING

LED FACE FLOODLIGHT PIR

INTRODUCTION

Synerji Face Floods with PIR are **designed to enhance outdoor security** with intelligent, motion-activated lighting. The built-in PIR sensor detects movement and instantly triggers illumination—**alerting occupants and deterring unwanted activity** around homes, driveways, or commercial premises. This added layer of protection offers peace of mind without the need for constant monitoring.

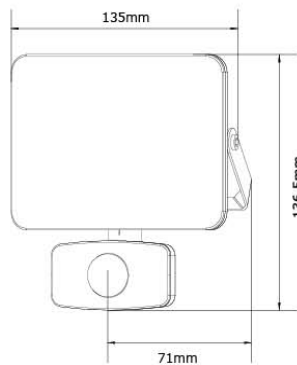

With a weather-resistant pre-fitted cable and easy mounting design, **the floodlight ensures reliable, energy-efficient performance** in all conditions.

BLACK PIR - 20W

SYFLF20DLBLPIR

- Material:** Heavy-duty Aluminum
- Adjustable Bracket:** 304 Stainless Steel
- Diffusor:** Opal PC
- Colour of Product:** Black
- Size:** 135mm (W) x 136.5mm (H) x 71mm (D)
- IP Index:** IP65
- Power:** 20W
- Lumens:** 1350lm
- Surge Protection:** 4000V
- Colour Temperature:** 6000k
- Beam angle:** 120°
- Warranty:** 2 years
