## BULKHEAD P/P

### INTRODUCTION

Proudly South African and built to last, Synerji's Clear Lens ES Bulkhead is a practical and durable lighting solution designed for both residential and commercial spaces. With a clean white finish and a clear lens for optimal light output, this bulkhead blends functionality with simplicity. Manufactured from tough polypropylene and rated IP44 for moisture and dust resistance, it's ideal for use in protected outdoor or indoor environments. A reliable choice backed by local craftsmanship.
