

BULKHEAD ALUMINIUM GRID

INTRODUCTION

The Synerji Oval Bulkhead Light with grid is a robust and reliable lighting solution designed to balance form and function. Featuring a durable die-cast aluminium body with a toughened glass lens and a protective metal grid, this bulkhead is built to endure outdoor and semi-outdoor conditions—perfect for both residential and commercial spaces.

Available in Black, White, and Antique Bronze finishes, it delivers a timeless, versatile look that complements a wide range of architectural styles.

OVAL WITH GRID ANTIQUE BRONZE

SYBOG002AB

Size: 210mm x 106mm x 95mm

Input: AC220-240V

Material: Die-casting aluminium body + glass shade

Socket: E27 x 1, **Excluding Lamp source**

IP rating: IP44

Colour: Antique Bronze

Warranty: 1 Year

Key Benefits:

Weather-resistant: With an IP44 rating, it's protected against splashes of water – ideal for outdoor walls, covered patios, corridors, or garages.

Long-lasting build: The die-cast aluminium construction ensures durability and impact resistance.

Design flexibility: Compatible with standard E27 lamps (lamp not included), allowing you to choose the brightness and colour temperature to suit your space.

Easy installation: Simple, clean lines with a compact size makes it easy to mount in various locations.
