

BULKHEAD ALUMINIUM GRID

INTRODUCTION

The Synerji Oval Bulkhead Light with Grid is a robust and reliable lighting solution designed to blend form and function. Crafted from a durable die-cast aluminium body with a toughened glass shade, this bulkhead fitting is built to withstand outdoor and semi-outdoor conditions, making it ideal for both residential and commercial use.

Available in Black, White, and Antique Bronze, it offers a timeless look that complements various architectural styles.

OVAL WITH GRID ANTIQUE BRONZE

SYBOG02AB

Size: 275mm x 157mm x 120mm

Input: AC220-240V

Material: Die-casting aluminium body + glass shade

Socket: E27 x 1, **Excluding Lamp source**

IP rating: IP44

Colour: Antique Bronze

Warranty: 1 Year

Key Benefits:

Weather-resistant: With an IP44 rating, it's protected against splashes of water – ideal for outdoor walls, covered patios, corridors, or garages.

Long-lasting build: The die-cast aluminium construction ensures durability and impact resistance.

Design flexibility: Compatible with standard E27 lamp (lamp not included), allowing you to choose the brightness and colour temperature to suit your space.

Easy installation: Simple, clean lines with a compact size makes it easy to mount in various locations.
