

OUTDOOR LIGHTING

LED SLIM FLOODLIGHT

INTRODUCTION

Synerji LED Slim Floodlights combine durability, efficiency, and versatility across a wide range of wattages to suit any lighting need. Built with high-performance 2835 SMD chips, a robust aluminium body, tempered glass, and stainless-steel fittings, these floodlights are engineered for long-lasting performance. A wide 120° beam angle ensures broad, even coverage, while IP66 weather protection and IK07 impact resistance make them ideal for both residential and commercial outdoor environments. With an impressive lifespan of up to 35,000 hours and full compliance with IEC 60598 standards, the Synerji Slim Floodlight range offers a reliable, cost-effective solution for illuminating everything from small gardens and driveways to large industrial sites and sports fields.

IP66 - 100W

SYFL100DL

Size: 295mm (W) x 345mm (H) x 80mm (D)

Material: Aluminium body with tempered glass and stainless-steel screws

Adjustable Bracket: 304 Stainless Steel

Colour of Product: Black

IP Index: IP66

Lumens: 11000lm

Beam Angle: 120°

Warranty: 2 years

Power Source: 220-220V ~ 50Hz

IP66 Connector fitted for quick wire connection
