SOLAR LED WALL LIGHT

INTRODUCTION

Synerji Solar LED Wall Lights — the cutting-edge, eco-friendly lighting solution designed to elevate your outdoor spaces. Harnessing the power of solar energy, our lights feature advanced LED technology for brilliant, energy-efficient lighting with exceptional durability.

Ideal for enhancing safety, aesthetics, and functionality, and effortlessly brighten pathways, gardens, patios, driveways, and more, all while contributing to a greener planet.

RECTANGLE 3CCT

SYSOLWREC

Lamp Type: Integrated 8W LED
Lumen: 1000LM
Lamp Size: 171.5mm x 101.3mm x 128.5mm
Lamp Fixture Colour: Black
Colour Temperature: 3000K / 4000K / 6500K
3CCT changing
Sensor Detection Range: >6M
Material of light Fixture: ABS+PC
Material of Solar Panel: Monocrystalline silicone
Battery Capacity: 3.7V 2000mAH
Solar Panel Wattage: 5.5V 2.7W
IP Rate: IP54
Warranty: 2 Years for light fixture and
1 year for battery
