INDOOR LED BATTEN LIGHT

INTRODUCTION

The Synerji LED Batten Light is a high-performance indoor lighting solution designed for efficient, reliable illumination. It delivers high luminous efficacy with flicker-free operation for consistent, comfortable light. The integrated 3CCT selection allows installers to choose between neutral, cool, or daylight tones to suit various applications. With its slim profile, durable construction, and long lifespan, it's ideal for residential, commercial, and utility spaces where energy efficiency and dependable performance matter.

LED BATTEN LIGHT 5FT - 45W INTEGRATED

SYBAT03

Wattage: 45W Integrated LED

Lumens: 5 400 lm

Lumen Efficacy: 120 lm/W

CRI (Ra): >83

Voltage: 220-240V ~ 50-60Hz

PF: >0.9

IP Rating: IP20

LS: 30 000 hrs

3 CCT: 4000K / 5000K / 6500K

Dimmable: Non-dimmable

Material: Aluminium + PC

Size: 615mm × 96mm × 25 mm

Colour: White

Operating Temperature: -20°C ~ +40°C
