INDOOR OPEN CHANNEL FITTING

INTRODUCTION

The Synerji Open Channel Fitting is a durable, surface-mounted lighting solution designed and pre-wired for LED T8 Tubes. Manufactured from powder-coated aluminium with a robust metal body, it includes an inline fuse in accordance with South African safety standards to protect both the fitting and tube. These fittings are ideal for commercial and industrial indoor applications, the range is available in 2ft, 4ft, and 5ft options to suit a variety of installation requirements.
