FISH TAPE

INTRODUCTION

Make every cable pull effortless with Synerji's Blue Fish Tape. Built from high-quality steel, it offers exceptional strength, flexibility, and control when navigating conduits and tight spaces. Its vibrant blue casing ensures easy visibility on-site, while the smooth feed design reduces friction and prevents kinking. Available in both 30m and 50m lengths, this durable fish tape is engineered to withstand demanding use — delivering the performance and reliability every electrician depends on.

FISH TAPE BLUE STEEL 50M

SYEFT003

Cable Material:
High-strength steel
Case Material:
Durable plastic
Cable Length:
50M
Cable Diameter:
1.3 mm x 3 mm
